

Customized Industrial UPS Power Supply Backup Energy Supply With IP42 Protection

Our Product Introduction

for more products please visit us on power-cabinets.com

Basic Information

- Place of Origin: SHENZHEN
- Brand Name: daxin
- Model Number: DX -GK100
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

Product Specification

- Static Stability: $\pm 1\%$
- Battery Number: 16-20 Pcs(adjustable)
- Battery: Seal Lead Acid Battery
- Output Pf: 1
- Warranty: 1years
- Protection Degree: IP42
- Battery Backup Time: ≥ 10 Minutes
- Output Frequency: 50/60Hz
- Highlight: **Customized Industrial UPS Power Supply,
IP42 Protection Industrial Backup Power Supply**

Product Description

Product Description:

Our Industrial UPS Power Supply comes with a 1-year warranty, giving you peace of mind that your investment is protected. It has a single package size of 20X50X50 Cm, making it compact and easy to install in your factory uninterruptible power source setup. With its protection degree of IP42, our Industrial UPS Power Supply is protected from dust, water, and other external factors that may affect its performance.

Our Industrial UPS Power Supply has an output frequency of 50/60Hz, providing flexibility to your operations. It delivers consistent power to your equipment and machinery, ensuring uninterrupted operations during power outages and other emergencies.

Features:

Product Name: Industrial UPS Power Supply

Output Pf: 1

Waveform: Pure Sine Wave

Protection Degree: IP42

Soft Start: 0-100% In10

Static Stability: $\pm 1\%$

The Industrial UPS Power Supply is an Industrial Backup Energy Supply, also known as an Industrial Backup Energy Supply or Factory Uninterruptible Power Source. It provides a pure sine wave output with a static stability of $\pm 1\%$. It has a soft start feature that allows for a gradual increase in power, and is protected with an IP42 degree of protection.

Technical Parameters:

Product Attribute	Value
Battery Number	16-20 Pcs(adjustable)
Input Voltage	220V/380V
Protection Degree	IP42
Battery Backup Time	≥ 10 Minutes
Bypass Rated Voltage	220/230/240Vac Single-phase
Output Pf	1
Battery	Seal Lead Acid Battery
Waveform	Pure Sine Wave
Static Stability	$\pm 1\%$
Output Frequency	50/60Hz

This Industrial UPS Power Supply product is an Industrial Battery Backup System that comes with a Factory Battery Backup Pack. It provides an efficient and reliable Industrial Backup Energy Supply with a Pure Sine Wave output waveform and $\pm 1\%$ static stability.

Applications:

Input Voltage: 220V/380V

Waveform: Pure Sine Wave

Soft Start: 0-100% In10

Static Stability: $\pm 1\%$

Protection Degree: IP42

Industrial Electrical Energy Backup is necessary for factories to keep their production line running smoothly. This is where the Industrial UPS Power Supply comes in. It provides a reliable and efficient backup power source for factories, ensuring that their operations are not interrupted due to power outages or other electrical issues.

The Factory UPS Power Plug is designed to be compatible with most factory power outlets, making it easy to install and use. The Pure Sine Wave waveform ensures that the power supplied is stable and consistent, which is crucial for machines and equipment that require a steady power supply.

The Factory Uninterruptible Power Source can be used in a variety of scenarios, including:

Manufacturing plants

Assembly lines

Warehouses

Data centers

Hospitals

Research facilities

Overall, the Industrial UPS Power Supply product from daxin is an essential component for any factory or industrial setting that relies on electricity to keep their operations running. Its high level of protection and stability make it a reliable and efficient choice for any business.
