

## OEM High Frequency 3 Phase Ups Power Supply For Homes Small Offices Businesses

### Our Product Introduction

for more products please visit us on [power-cabinets.com](http://power-cabinets.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Model Number: H10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

#### Product Specification

- Business Type: Manufacturer
- Communication Ports: USB, RS232, SNMP
- Temperature: 0-40°C
- Communication Interface: RS232/USB/SNMP
- Output Wave Form: Pure Sine Wave
- Output Power Factor: 0.8
- Eco Mode: 99%
- Battery Type: Sealed Lead Acid
- Highlight: **High Frequency 3 Phase Ups,  
OEM 3 Phase Ups Power Supply**

## Product Description

### High Frequency UPS The Ultimate Power Solution for Your Business

#### Product Description:

Our High Frequency UPS is equipped with a High Frequency DC Power Supply that can convert DC power to AC power with high efficiency. This means that you can save on power consumption and reduce your energy bills while enjoying uninterrupted power supply. The High Frequency Power Inverter is designed with advanced technology that ensures stable and reliable performance. The inverter comes with automatic voltage regulation and overload protection features that protect your equipment from power surges and voltage fluctuations.

Our High Frequency UPS is also designed with a user-friendly interface that allows you to easily monitor and control your power supply. The LCD display provides real-time information on the input and output voltage, battery status and load capacity.

With our High Frequency UPS, you can enjoy a seamless power supply experience. The UPS switches to battery power automatically when there is a power outage, ensuring that your equipment stays powered up at all times. The battery recharge time is also fast, allowing you to get back to work in no time.

Our High Frequency UPS is also designed to be eco-friendly, with low noise and low electromagnetic interference. This makes it safe and convenient to use in any environment.

In summary, our High Frequency UPS product is a reliable and efficient power solution that provides uninterrupted power supply for your home or office. With a High Frequency Power Inverter and High Frequency DC Power Supply, you can save on power consumption and reduce energy bills while enjoying stable and reliable performance. The user-friendly interface and automatic voltage regulation features make it easy to monitor and control your power supply, while the eco-friendly design ensures safe and convenient use in any environment.

#### Features:

Product Name: High Frequency UPS

High Frequency DC Power Supply

DC UPS Power Supply

High Frequency High Voltage Transformer

#### Technical Parameters:

Product Name	Eaton 93PR UPS
UPS Type	3 Phase Online UPS
Transformer Type	High Frequency High Voltage Transformer

#### Applications:

The High Frequency Power Inverter makes this UPS ideal for use in homes, small offices, and businesses. It is capable of converting DC power to AC power with high efficiency, ensuring that your devices receive the power they need to function optimally. The High Frequency PCB ensures that the UPS is lightweight, compact, and easy to install, making it an excellent choice for those who want a reliable and efficient power backup solution.

In addition, the High Frequency High Voltage Transformer ensures that the UPS has a stable output voltage, which is essential for sensitive electronic devices. This feature makes it perfect for use in data centers, medical facilities, and other places where maintaining a stable power supply is critical.

The High Frequency UPS from SZDXZH has a minimum order quantity of one, with a price of \$626.4. Payment terms are T/T, and supply ability and delivery time are negotiable. The packaging details include carton packaging, ensuring that the product arrives safely at your doorstep.

Overall, the High Frequency UPS from SZDXZH is an excellent choice for anyone looking for a reliable, efficient, and versatile power backup solution. Whether you need it for your home, small office, or business, this product will provide you with the power you need to keep your devices running smoothly.

#### Support and Services:

Our High Frequency UPS product comes with comprehensive technical support and services to ensure your system operates at peak performance:

24/7 technical support hotline

On-site installation and commissioning

Regular preventive maintenance

Remote monitoring and diagnostics

Emergency response services

Software and firmware updates

Our team of experienced technicians and engineers are dedicated to providing you with the best support and service possible to keep your High Frequency UPS running smoothly.

## Packing and Shipping:

### Product Packaging:

This High Frequency UPS product will be carefully packaged to ensure safe delivery to your doorstep. The product will be wrapped in bubble wrap and securely placed in a cardboard box with foam inserts to prevent any damage during transit.

### Shipping:

We offer free shipping for this product within the United States. The product will be shipped via standard ground shipping and will typically arrive within 5-7 business days. If you need expedited shipping, please contact us for additional options and pricing.

## FAQ:

Q: What is the brand name of the High Frequency UPS?

A: The brand name of the High Frequency UPS is SZDXZH.

Q: What is the model number of the High Frequency UPS?

A: The model number of the High Frequency UPS is H10KL.

Q: Where is the High Frequency UPS manufactured?

A: The High Frequency UPS is manufactured in China.

Q: What is the minimum order quantity for the High Frequency UPS?

A: The minimum order quantity for the High Frequency UPS is 1.

Q: What is the price of the High Frequency UPS?

A: The price of the High Frequency UPS is \$626.4.

Q: What are the payment terms for purchasing the High Frequency UPS?

A: The payment terms for purchasing the High Frequency UPS are T/T.

Q: Is the supply ability of the High Frequency UPS negotiable?

A: Yes, the supply ability of the High Frequency UPS is negotiable.

Q: What is the delivery time for the High Frequency UPS?

A: The delivery time for the High Frequency UPS is negotiable.

Q: How is the High Frequency UPS packaged?

A: The High Frequency UPS is packaged in cartons.
