

## High Frequency UPS Uninterruptible Power Supply Double Conversion Online Operation

Our Product Introduction

for more products please visit us on [power-cabinets.com](http://power-cabinets.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Model Number: H10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

### Product Specification

- Net Weight (Standard Machine): 9.8kg
- Wide Mains Input Range: (110 V – 300 V)
- Power Range: 1K VA
- Size: 282\*145\*220
- Battery Voltage: 24V
- Working Mode: Single Input And Single Output, Double Conversion Online Operation
- Highlight: **Online Operation High Frequency UPS,  
Double Conversion High Frequency Online UPS**

### Product Description:

The High Frequency Uninterruptible Power Supply is designed to deliver reliable and stable power backup to your critical systems. With an output power factor that can reach 0.8, this product is capable of providing high-quality power for your mission-critical applications. It is built to protect your equipment from power surges, spikes, and other power disturbances that could cause damage to your systems.

The High Frequency Uninterruptible Power Supply is a high frequency battery backup that can provide you with uninterrupted power for extended periods of time. It is designed to keep your systems running smoothly, even during prolonged power outages. This product is suitable for a wide range of applications, including data centers, telecommunications, medical facilities, and more.

With a power range of 1K VA, the High Frequency Uninterruptible Power Supply is a powerful solution that can meet the needs of most businesses. It is compact and easy to install, making it a convenient choice for businesses that need reliable power backup without the hassle of a complicated setup.

Overall, the High Frequency Uninterruptible Power Supply is a high-quality product that delivers reliable and stable power backup for your critical systems. It is a high frequency uninterrupted power source that can keep your systems running smoothly, even during prolonged power outages. With its robust design and advanced features, this product is an excellent choice for businesses that need uninterrupted power for their mission-critical applications.

### Features:

- Product Name: High Frequency UPS
- Output power factor can reach: 0.8
- Working mode: single input and single output, double conversion online operation
- High frequency double conversion UPS
- High frequency double conversion UPS
- High frequency power conditioning unit

### Technical Parameters:

Attribute	Value
Working Mode	Single Input and Single Output, Double Conversion Online Operation
Output Power Factor	0.8
Wide Mains Input Range	(110 V – 300 V)
Size	282*145*220
Output Description	9. High Frequency Power Conditioning Unit, 6. High Frequency Emergency Power Supply, 7. High Frequency Power Protection

### Applications:

The High Frequency UPS is perfect for a variety of applications and scenarios. Whether you're looking to protect your home computer and entertainment system from power outages and surges, or you need reliable power backup for your small business, our H10KL model has you covered. With a power range of 1K VA, this high frequency online UPS is versatile enough to handle a wide range of power requirements.

One of the key features of the High Frequency UPS is its ability to provide continuous, reliable power to your devices even in the event of a power outage. This is thanks to our advanced high frequency technology, which allows the UPS to quickly and efficiently switch over to battery power as needed. This ensures that your devices remain powered on and protected, even when the grid goes down.

In addition to its power backup capabilities, the High Frequency UPS also offers robust power protection features. Our H10KL model includes surge protection, voltage regulation, and other advanced features to help prevent damage to your devices from power fluctuations. With the High Frequency UPS, you can rest assured that your valuable electronics are always safe and secure.

Ordering the High Frequency UPS from SZDXZH is easy. With a minimum order quantity of just 1, and a price of \$626.4, the H10KL is an affordable and reliable choice for anyone in need of high-quality power protection. We accept payment via T/T, and our supply ability and delivery time are negotiable to meet your specific needs. The High Frequency UPS comes securely packaged in a carton, and measures just 282\*145\*220 for easy installation in a variety of spaces.

Don't wait until it's too late to protect your valuable electronic devices and systems. Choose the High Frequency UPS from SZDXZH for top-of-the-line power protection and peace of mind.

Keywords: High frequency online UPS, power backup, surge protection, voltage regulation, power protection, SZDXZH, H10KL, China, \$626.4, T/T, negotiable supply ability, negotiable delivery time, carton packaging, 282\*145\*220, 24V battery voltage, 1K VA power range, home computer, entertainment system, small business, power outages, power surges, power fluctuations, advanced high frequency technology, reliable power, continuous power, power backup capabilities, electronic devices, grid goes down, robust power protection features, valuable electronics, affordable, reliable, peace of mind.

### Support and Services:

The High Frequency UPS product is designed to provide reliable power protection and backup for critical applications. Our technical support team is available to assist with any installation, configuration, or troubleshooting needs. We offer a range of services to ensure optimal performance and uptime, including:

- Remote monitoring and diagnostics
- Preventative maintenance and testing
- Battery replacement and disposal
- Onsite repair and replacement
- Training and education

Our team of experts is dedicated to delivering fast and efficient service to minimize downtime and keep your operations running smoothly. Contact us for more information or to schedule service.

## Packing and Shipping:

### Product Packaging:

The High Frequency UPS product will be packed in a sturdy cardboard box with foam inserts to protect it during shipping. The product will be securely wrapped in plastic to prevent any damage from moisture or dust. The packaging will also include a user manual and any necessary cables or accessories.

### Shipping:

The High Frequency UPS product will be shipped via a reliable courier service such as UPS or FedEx. Shipping costs will be calculated based on the delivery location and shipping method selected by the customer. The product will be shipped within 1-2 business days of receiving the order, and the customer will receive a tracking number to monitor the shipping status of their package.

## FAQ:

- Q:** What is the brand name of this UPS product?  
**A:** The brand name of this UPS product is SZDXZH.
- Q:** What is the model number of this UPS product?  
**A:** The model number of this UPS product is H10KL.
- Q:** Where is this UPS product manufactured?  
**A:** This UPS product is manufactured in China.
- Q:** What is the minimum order quantity for this UPS product?  
**A:** The minimum order quantity for this UPS product is 1.
- Q:** What is the price of this UPS product?  
**A:** The price of this UPS product is \$626.4.
- Q:** What are the payment terms for this UPS product?  
**A:** The payment terms for this UPS product are T/T.
- Q:** What is the supply ability for this UPS product?  
**A:** The supply ability for this UPS product is negotiable.
- Q:** What is the delivery time for this UPS product?  
**A:** The delivery time for this UPS product is negotiable.
- Q:** What is the packaging details for this UPS product?  
**A:** The packaging details for this UPS product is carton packaging.
