

1K VA High Frequency UPS Optional SNMP Card USB RS232 With Isolation Transformer

Our Product Introduction

for more products please visit us on power-cabinets.com

Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Model Number: H10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

Product Specification

- Output Power Factor Can Reach: 0.8
- Size: 282*145*220
- Product Name: High Frequency UPS
- Working Mode: Single Input And Single Output, Double Conversion Online Operation
- Application: COMPUTER
- Product Type: Uninterruptible Power Supply
- Highlight: **1K VA High Frequency UPS,
High Frequency UPS With Isolation Transformer**

Product Description

High Frequency UPS Optional SNMP Card USB RS232 With Built In Isolation Transformer

Product Description:

Weighing only 9.8kg, this standard machine is lightweight and easy to install. It is perfect for use in homes, offices, and other small business establishments. With its compact size, it can easily fit into any space, allowing for hassle-free installation.

The High Frequency UPS is equipped with a high frequency inverter that provides clean and stable power to your devices, ensuring that they are protected from power surges and fluctuations. This means that your devices will remain safe from damage caused by power fluctuations and surges.

One of the best features of this product is its automatic voltage regulation (AVR) function. The AVR ensures that the output voltage remains stable even when the input voltage is unstable, thereby protecting your devices from damage caused by voltage fluctuations. The High Frequency UPS also comes with an intelligent charging system that ensures that your battery remains in good condition. This system monitors the battery voltage and optimizes the charging process to ensure that your battery is always in good condition and ready to provide power when needed.

This product also comes with a comprehensive display panel that provides real-time information about the UPS status. This includes the battery status, input/output voltage, and load level. With this information, you can easily monitor the status of the UPS and take appropriate action if needed.

In summary, the High Frequency UPS is a reliable and efficient power protection solution that provides high frequency power protection for your devices. With its lightweight and compact design, it is easy to install and can fit into any space. The automatic voltage regulation function ensures that your devices are protected from voltage fluctuations, while the intelligent charging system ensures that your battery remains in good condition. With its comprehensive display panel, you can easily monitor the status of the UPS and take appropriate action if needed.

Features:

Product Name: High Frequency UPS

Size: 282*145*220

Power Range: 1K VA

Type: High frequency uninterruptible power supply

Technology: High frequency double conversion UPS

Efficiency: High efficiency up to 95%

Protection: Overload, short circuit, over voltage, under voltage, over temperature

Battery Type: Sealed lead acid maintenance-free battery

Battery Backup Time: Up to 10 minutes at full load

Display: LED/LCD display for easy monitoring of UPS status

Communication: RS232, USB, SNMP, dry contacts for remote monitoring and management

Warranty: 2 years

Technical Parameters:

Application Scope	Widely used in various industries such as government, finance, communications, education, transportation, meteorology, radio and television, industrial and commercial taxation, medical care, energy and electricity, etc.
Power Range	1K VA
Net Weight (Standard Machine)	9.8kg

High frequency power backup, High frequency power protection, High frequency online UPS

Applications:

The High Frequency UPS is ideal for various occasions and scenarios, such as:

Small to medium-sized businesses

Home office setups

Remote locations

Industrial sites

Hospitals and healthcare facilities

Financial institutions

Data centers

Telecommunication centers

Our High Frequency UPS provides reliable power during power outages and other electrical disturbances. It is equipped with high frequency battery backup, ensuring uninterrupted power supply for critical equipment. The double conversion online operation ensures clean and stable power, protecting your equipment from power surges, sags, and other electrical issues.

Our High Frequency UPS model, H10KL, is designed and manufactured in China, ensuring high-quality standards. The minimum order quantity is 1 unit, with a price of \$626.4 per unit. Payment terms are T/T, and supply ability and delivery time are negotiable. The High

Frequency UPS is packaged in carton packaging, with a size of 282*145*220.

Investing in our High Frequency UPS can provide peace of mind and protection for your critical equipment. Contact us today to learn more about our product and how it can benefit your business or organization.

Support and Services:

The High Frequency UPS product technical support and services include:

- On-site installation and commissioning services
- Scheduled and preventive maintenance services
- Remote monitoring and diagnostic services
- 24/7 technical support hotline
- Repair and replacement services
- UPS training and certification programs

Packing and Shipping:

Product Packaging:

The High Frequency UPS product is carefully packed in a sturdy cardboard box with ample cushioning material to prevent any damage during transportation. The box is labeled with the product name, model number, and handling instructions.

Shipping:

After the product is packed, it is shipped via a reliable courier service within 1-2 business days of the order being placed. The customer will receive a tracking number via email to track the shipment. Delivery time may vary depending on the destination location.

FAQ:

Q: What is the brand name of this UPS product?

A: The brand name of this UPS product is SZDXZH.

Q: What is the model number of this UPS product?

A: The model number of this UPS product is H10KL.

Q: Where is this UPS product manufactured?

A: This UPS product is manufactured in China.

Q: What is the minimum order quantity for this UPS product?

A: The minimum order quantity for this UPS product is 1.

Q: What is the price of this UPS product?

A: The price of this UPS product is \$626.4.

Q: What are the payment terms for purchasing this UPS product?

A: The payment terms for purchasing this UPS product are T/T.

Q: What is the supply ability of this UPS product?

A: The supply ability of this UPS product is negotiable.

Q: What is the delivery time for this UPS product?

A: The delivery time for this UPS product is negotiable.

Q: What is the packaging details for this UPS product?

A: The packaging details for this UPS product is carton packaging.

01
Stable and reliable
ONLINE DOUBLE CONVERSION TECHNOLOGY COMPLETELY ELIMINATES THE IMPACT OF POWER FAILURES AND EFFECTIVELY PROTECTS THE LOAD FROM UNINTERRUPTED OPERATION

02
Ultra-wide voltage
ULTRA-WIDE VOLTAGE INPUT RANGE, EFFECTIVELY REDUCING THE NUMBER OF BATTERY CHANGES AND EXTENDING

03
Green and Energy Saving
REDUCE ENERGY LOSS, EFFICIENCY UP TO 90%, ULTRA-SMALL SIZE, SIGNIFICANTLY SAVES SPACE

04
Convenient and easy to use
EASY TO OPERATE, LCD DISPLAY, FRIENDLY HUMAN-MACHINE INTERFACE, STANDARD MACHINE
