

Double Conversion High Frequency Online UPS Uninterruptible Power Supply

Our Product Introduction

for more products please visit us on power-cabinets.com

Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Model Number: H10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

Product Specification

- Battery Voltage: 24V
- Size: 282*145*220
- Wide Mains Input Range: (110 V – 300 V)
- Net Weight (Standard Machine): 9.8kg
- Product Type: Uninterruptible Power Supply
- Output Phase: Single Phase/Three Phase
- Display: LCD
- Backup Time: Depends On The Battery Quantity And Load
- Output Voltage: 220V/230V/240V
- Battery Runtime: Depends On Load
- Service: OEM & ODM

Product Description

Double Conversion Online Operation 2. High Frequency Online UPS for Maximum Efficiency

Product Description:

Our High Frequency Uninterruptible Power Supply is designed with high efficiency in mind, allowing it to provide reliable power supply without consuming too much energy. It comes with a range of features that make it the ideal choice for businesses and homes that require a reliable power source, including:

High frequency online UPS technology that ensures stable and reliable power supply

Advanced DSP technology that provides fast and precise control over the UPS system

Intelligent battery management system that extends battery life and ensures reliable performance

Flexible charging mode that allows the UPS to be charged in a variety of ways, including constant voltage, constant current, and float charge mode

Multiple protections that safeguard your equipment from overvoltage, overload, short circuit, and overtemperature

Easy-to-use LCD display that provides real-time information about the UPS system

Our High Frequency UPS is perfect for a range of applications, including:

Small and medium-sized data centers

Telecommunications equipment

Networking equipment

Servers and workstations

Industrial equipment

Medical equipment

Security systems

And more

With its high efficiency, advanced technology, and comprehensive protections, our High Frequency UPS is the perfect solution for ensuring uninterrupted power supply to your critical equipment. Order now and experience the peace of mind that comes with knowing your equipment is always protected.

Features:

Product Name: High Frequency UPS

Output power factor can reach: 0.8

Net Weight (Standard Machine): 9.8kg

Wide mains input range: (110 V – 300 V)

High frequency online UPS

High frequency emergency power supply

High frequency UPS

Technical Parameters:

Net Weight (Standard Machine)	9.8kg
Application scope	Widely used in various industries such as government, finance, communications, education, transportation, meteorology, radio and television, industrial and commercial taxation, medical care, energy and electricity, etc.
Wide mains input range	(110 V – 300 V)
Working mode	Single input and single output, double conversion online operation

This High Frequency UPS is a 2. High frequency online UPS that provides 5. High frequency power backup and 8. High frequency battery backup.

Applications:

The High Frequency UPS is ideal for use in various applications, including but not limited to:

IT infrastructure: With the increasing dependence on IT infrastructure, a power failure can lead to data loss and downtime. The High Frequency UPS provides high frequency power protection to IT infrastructure, ensuring that the systems remain operational in power outages or fluctuations.

Telecommunication systems: Telecommunication systems such as base stations require uninterrupted power supply to function optimally.

The High Frequency UPS provides high frequency power backup to keep the systems running, even in case of power failure.

Medical equipment: Medical equipment such as X-ray machines, MRI and CT scanners require a stable and uninterrupted power supply.

The High Frequency UPS provides high frequency emergency power supply to ensure that the equipment remains operational in case of power failure.

Industrial automation: Industrial automation systems require a stable and uninterrupted power supply to avoid downtime and losses. The High Frequency UPS provides high frequency power backup to keep the systems running even in case of power failure.

The SZDXZH H10KL High Frequency UPS is made in China, and the minimum order quantity is 1. The price of the product is \$626.4, and payment terms are T/T. The supply ability and delivery time are negotiable. The product is packaged in carton packaging to ensure safe delivery.

Support and Services:

The High Frequency UPS product technical support and services include:

- Technical assistance for installation, configuration, and operation
- Troubleshooting support for any issues or errors
- Regular maintenance services to ensure optimal performance
- Replacement of faulty components or parts
- Firmware and software updates to enhance functionality and security
- Consultation services for upgrading or expanding the system
- Training services for end-users or IT staff

Packing and Shipping:

Product Packaging:

Our High Frequency UPS product is carefully packaged to ensure that it arrives to you in pristine condition. The product is wrapped in protective material and placed in a sturdy cardboard box. The box is then sealed with tape to prevent any tampering during transit.

Shipping:

We offer shipping to all locations within the United States. Our standard shipping time is 3-5 business days. We also offer expedited shipping options for an additional fee. Once your order has been processed and shipped, you will receive a confirmation email with tracking information so you can monitor the progress of your delivery.

FAQ:

Q: What is the brand name of this High Frequency UPS?

A: The brand name of this High Frequency UPS is SZDXZH.

Q: What is the model number of this High Frequency UPS?

A: The model number of this High Frequency UPS is H10KL.

Q: Where is this High Frequency UPS manufactured?

A: This High Frequency UPS is manufactured in China.

Q: What is the minimum order quantity for this High Frequency UPS?

A: The minimum order quantity for this High Frequency UPS is 1.

Q: What is the price of this High Frequency UPS?

A: The price of this High Frequency UPS is \$626.4.

Q: What are the payment terms for this High Frequency UPS?

A: The payment terms for this High Frequency UPS are T/T.

Q: What is the supply ability for this High Frequency UPS?

A: The supply ability for this High Frequency UPS is negotiable.

Q: What is the delivery time for this High Frequency UPS?

A: The delivery time for this High Frequency UPS is negotiable.

Q: What is the packaging for this High Frequency UPS?

A: The packaging for this High Frequency UPS is carton packaging.

01
Stable and reliable
ONLINE DOUBLE CONVERSION TECHNOLOGY COMPLETELY ELIMINATES THE IMPACT OF POWER FAILURES AND EFFECTIVELY PROTECTS THE LOAD FROM UNINTERRUPTED OPERATION

02
Ultra-wide voltage
ULTRA-WIDE VOLTAGE INPUT RANGE, EFFECTIVELY REDUCING THE NUMBER OF BATTERY CHANGES AND EXTENDING

03
Green and Energy Saving
REDUCE ENERGY LOSS, EFFICIENCY UP TO 90%, ULTRA-SMALL SIZE, SIGNIFICANTLY SAVES SPACE

04
Convenient and easy to use
EASY TO OPERATE, LCD DISPLAY, FRIENDLY HUMAN-MACHINE INTERFACE, STANDARD MACHINE
