

9.8kg Net Weight High Frequency UPS for Government True Online Double Conversion 0ms

Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Model Number: H10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

Product Specification

- Product Name: Switching Frequency UPS Built-in Isolation Transformer Optional And Energy Saving ECO Mode
- Battery Voltage: 24V
- Product Category: High Frequency UPS
- Output Power Factor: 0.8
- Smart Fan Control System: Yes
- Alarm System: Yes
- Application Scope: Widely Used In Various Industries Such As Government, Finance, Communications, Education, Transportation, Meteorology, Radio And Television, Industrial And Commercial Taxation, Medical Care, Energy And Electricity, Etc.

Our Product Introduction

Product Description:

Our UPS is designed to offer a synchronous uninterruptible power supply which is vital for critical applications. With a battery voltage of 24V, this UPS is perfect for small and medium-sized businesses, offices, and homes. The Continuous Wave Uninterruptible Power Supply ensures that there are no power interruptions, ensuring that your devices and appliances are safe from sudden power outages. The real-time uninterruptible power supply feature ensures that your devices are not affected by power surges or spikes. Our High Frequency UPS also boasts a wide mains input range of (110 V – 300 V), which means that it can handle a wide range of input voltages, making it a versatile power supply. We understand that having a user-friendly interface is important, and that is why our UPS comes with a user-friendly interface. This feature makes it easy to monitor and manage your power supply, ensuring that you have an uninterrupted power supply. Our High Frequency UPS is perfect for a variety of applications, including office equipment, data centers, and telecommunications. It is also ideal for use in homes and small businesses. In conclusion, our High Frequency UPS is a reliable and efficient power supply that offers a range of features to ensure that your devices and appliances are safe from power interruptions. With its synchronous uninterruptible power supply, continuous wave uninterruptible power supply, and real-time uninterruptible power supply features, you can rest easy knowing that your devices are protected.

Features:

- Product Name: High Frequency UPS
- Product Category: High Frequency UPS
- Smart Uninterruptible Power Supply: Yes
- Double Conversion Uninterruptible Power Supply: Yes
- Intelligent Battery Management System: Yes
- Efficiency (Commercial power mode): 0.89
- Packaging Details: Carton Packaging
- High Efficiency Uninterruptible Power Supply: Yes

Technical Parameters:

Smart Fan Control System	Yes
Alarm System	Yes
Features	High Efficiency UPS, Online UPS
Application Scope	Widely Used In Various Industries Such As Government, Finance, Communications, Education, Transportation, Meteorology, Radio And Television, Industrial And Commercial Taxation, Medical Care, Energy And Electricity, Etc.
Battery Voltage	24V
Efficiency (Battery Mode)	0.86-0.88
Wide Mains Input Range	(110 V – 300 V)
Net Weight (Standard Machine)	9.8kg
Intelligent Battery Management System	Yes
True Online Double Conversion	0ms

This is an On-line Uninterruptible Power Supply with Real-time Uninterruptible Power Supply and On-line Uninterruptible Power Supply features.

Applications:

Thanks to its intelligent battery management system, the H10KL can extend the battery life and optimize the battery performance, which

ensures a stable and reliable power supply during power outages or other power disturbances. With an efficiency rating of 0.86-0.88 in battery mode, it can save energy and reduce operating costs.

The H10KL has a power range of 1K VA, which makes it suitable for small to medium-sized businesses, offices, and data centers. Its output voltage can be set to 208/220/240VAC, which provides flexibility and compatibility with various types of equipment.

The net weight of the standard machine is only 9.8kg, which makes it easy to install and maintain. The packaging details include carton packaging, which ensures safe transportation and delivery.

The H10KL can be used in various occasions and scenarios, such as:

Small to medium-sized businesses and offices

Data centers and server rooms

Network equipment and storage devices

Industrial automation and control systems

Medical and healthcare facilities

The H10KL has a minimum order quantity of 1 and a price of \$626.4. The payment terms are T/T, and the supply ability and delivery time are negotiable. If you are looking for a reliable and efficient UPS for your critical equipment, the SZDXZH H10KL is an excellent choice.

Support and Services:

The High Frequency UPS product comes with a comprehensive technical support and services package, including:

Advanced monitoring and diagnostics for proactive maintenance and issue prevention

Remote monitoring and management capabilities for convenient and efficient troubleshooting

24/7 technical support from a dedicated team of experts

On-site installation and commissioning services to ensure proper setup and operation

Regular preventive maintenance services to prolong the lifespan of the product and prevent downtime

Our technical support and services are designed to give you peace of mind and ensure that your High Frequency UPS product operates at its best performance at all times.

Packing and Shipping:

Product Packaging:

High Frequency UPS unit

Power cord

User manual

Warranty card

Shipping:

Ships within 3-5 business days

Free shipping within the continental US

International shipping available at an additional cost

Tracking number provided once item has shipped

FAQ:

Q: What is the brand name of this High Frequency UPS product?

A: The brand name of this product is SZDXZH.

Q: What is the model number of this High Frequency UPS product?

A: The model number of this product is H10KL.

Q: Where is this High Frequency UPS product manufactured?

A: This product is manufactured in China.

Q: What is the minimum order quantity for this High Frequency UPS product?

A: The minimum order quantity for this product is 1.

Q: What is the price of this High Frequency UPS product?

A: The price of this product is \$626.4.

Q: What are the payment terms for this High Frequency UPS product?

A: The payment terms for this product are T/T.

Q: What is the supply ability for this High Frequency UPS product?

A: The supply ability for this product is negotiable.

Q: What is the delivery time for this High Frequency UPS product?

A: The delivery time for this product is negotiable.

Q: What is the packaging detail for this High Frequency UPS product?

A: The packaging detail for this product is carton packaging.

01

Stable and reliable

ONLINE DOUBLE CONVERSION TECHNOLOGY COMPLETELY ELIMINATES THE IMPACT OF POWER FAILURES AND EFFECTIVELY PROTECTS THE LOAD FROM UNINTERRUPTED OPERATION

03

Green and Energy Saving

REDUCE ENERGY LOSS, EFFICIENCY UP TO 90%, ULTRA-SMALL SIZE, SIGNIFICANTLY SAVES SPACE

02

Ultra-wide voltage

ULTRA-WIDE VOLTAGE INPUT RANGE, EFFECTIVELY REDUCING THE NUMBER OF BATTERY CHARGES AND EXTENDING

04

Convenient and easy to use

EASY TO OPERATE, LCD DISPLAY, FRIENDLY HUMAN-MACHINE INTERFACE, STANDARD MACHINE
