

## High Frequency UPS Wide Mains Input Range 110 V – 300 V and Commercial power mode 0.89

Our Product Introduction

for more products please visit us on [power-cabinets.com](http://power-cabinets.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Model Number: H10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

### Product Specification

- Intelligent Battery Management System: Yes
- Product Category: High Frequency UPS
- Efficiency (Battery Mode): 0.86-0.88
- User-Friendly Interface: Yes
- Output Voltage: 208/220/240VAC
- True Online Double Conversion: 0ms
- Net Weight (Standard Machine): 9.8kg

**Product Description:**

This High Frequency UPS provides output voltage of 208/220/240VAC, making it suitable for a wide range of equipment and applications. Its true online double conversion ensures a seamless transition to battery mode with a 0ms transfer time, guaranteeing uninterrupted power supply at all times.

With an output power factor of 0.8, this High Frequency UPS can power a higher load than traditional UPS, making it more efficient and cost-effective. In addition, its high efficiency in battery mode, ranging from 0.86-0.88, ensures that the battery is utilized optimally and prolongs its lifespan.

Our High Frequency Uninterruptible Power Supply is the ideal choice for businesses and organizations that require a high efficiency and reliable continuous wave uninterruptible power supply. Invest in this product today and enjoy peace of mind knowing that your critical equipment is always protected.

**Features:**

Product Name: High Frequency UPS

Output power factor: 0.8

True Online Double Conversion: 0ms

Smart Fan Control System: Yes

Efficiency (Battery Mode): 0.86-0.88

Alarm System: Yes

This is an On-line Uninterruptible Power Supply (UPS) that also goes by the name of Digital Uninterruptible Power Supply. It is a Double Conversion UPS that provides uninterrupted power to your devices without any interruptions.

\*\*\* Please note that the last paragraph is outside of the \*\*\*ul

**Technical Parameters:**

Product Name	Switching Frequency UPS Built-in Isolation Transformer optional and Energy Saving ECO Mode
Product Category	High Frequency UPS
Power Range	1K VA
Efficiency (Commercial power mode)	0.89
Output power factor	0.8
True Online Double Conversion	0ms
User-Friendly Interface	Yes
Alarm System	Yes
Packaging Details	Carton Packaging
Battery Voltage	24V

This is an Advanced UPS System or a Smart Uninterruptible Power Supply (On-line Uninterruptible Power Supply).

**Applications:**

With an efficiency of 0.89 in commercial power mode, this High Efficiency UPS is an ideal solution for small to medium-sized businesses, where power continuity is essential. The H10KL has a power range of 1K VA, making it suitable for a range of applications.

The H10KL is manufactured in China and has a minimum order quantity of 1. The price of this UPS is \$626.4, and payment terms are T/T. The supply ability and delivery time are negotiable, and the packaging details are carton packaging. The net weight of the standard machine is 9.8kg.

This UPS is equipped with an alarm system, which alerts you in case of power failures or other issues. This feature ensures that you can take prompt action to prevent data loss or damage to your equipment.

The H10KL is suitable for a range of Product Application Occasions and Scenarios. It can be used in small to medium-sized businesses, data centers, hospitals, and other critical applications where power continuity is essential. It is an ideal solution for businesses that require reliable backup power to ensure that their operations continue uninterrupted.

In conclusion, if you are looking for a reliable and efficient UPS solution, the SZDXZH H10KL is an excellent choice. Its Double Conversion Uninterruptible Power Supply ensures that your devices receive a stable and continuous supply of power, making it suitable for a range of applications.

**Support and Services:**

The High Frequency UPS product offers a range of technical support and services to ensure its optimal performance and reliability:

24/7 technical support through phone and email

On-site professional installation and commissioning

Remote monitoring and management services

Regular preventive maintenance and battery replacement services

Training and certification programs for users and technicians

Our experienced team of technical experts is dedicated to providing timely and effective solutions to any issues or concerns that may arise with the High Frequency UPS product. We are committed to maximizing the uptime and efficiency of your critical power systems.

## Packing and Shipping:

Product Packaging:

High Frequency UPS unit

Power cord

User manual

Warranty card

Shipping:

The product will be securely packed in a box to prevent damage during shipping

Shipping will be done via a reputable courier service

The customer will receive a tracking number to track the shipment

Delivery time will depend on the customer's location

## FAQ:

Q: What is the brand name of the UPS product?

A: The brand name of our UPS product is SZDXZH.

Q: What is the model number of the UPS product?

A: The model number of our UPS product is H10KL.

Q: Where is the UPS product manufactured?

A: The UPS product is manufactured in China.

Q: What is the minimum order quantity for the UPS product?

A: The minimum order quantity for our UPS product is 1.

Q: What is the price of the UPS product?

A: The price of our UPS product is \$626.4.

Q: What are the payment terms for purchasing the UPS product?

A: The payment terms for purchasing our UPS product are T/T.

Q: What is the supply ability of the UPS product?

A: The supply ability of our UPS product is negotiable.

Q: What is the delivery time for the UPS product?

A: The delivery time for our UPS product is negotiable.

Q: What is the packaging detail for the UPS product?

A: The packaging detail for our UPS product is carton packaging.

**01**  
**Stable and reliable**  
ONLINE DOUBLE CONVERSION TECHNOLOGY COMPLETELY ELIMINATES THE IMPACT OF POWER FAILURES AND EFFECTIVELY PROTECTS THE LOAD FROM UNINTERRUPTED OPERATION

**02**  
**Ultra-wide voltage**  
ULTRA-WIDE VOLTAGE INPUT RANGE, EFFECTIVELY REDUCING THE NUMBER OF BATTERY CHANGES AND EXTENDING

**03**  
**Green and Energy Saving**  
REDUCE ENERGY LOSS, EFFICIENCY UP TO 90%, ULTRA-SMALL SIZE, SIGNIFICANTLY SAVES SPACE

**04**  
**Convenient and easy to use**  
EASY TO OPERATE, LCD DISPLAY, FRIENDLY HUMAN-MACHINE INTERFACE, STANDARD MACHINE

90%  
COMPARISON SAVES SPACE FOR THE UPS SYSTEM

BYPASS LINE BATTERY FAULT  
OFF/ESC TEST/UP BITE/DOWN ON/ENTER
