

1kva-6kva single UPS/rack mounted/embedded UPS/online power supply

Our Product Introduction

for more products please visit us on power-cabinets.com

Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Certification: CE,UL
- Model Number: DX UPS H1-10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

Product Specification

- Output Voltage: 220V
- Type: On-line
- Capacity: 1-10KVA
- Efficiency: 90%
- Highlight: rack mounted high frequency ups,
rack mounted ups uninterruptible power supply
, 10kva high frequency ups

1. Municipal power input
2. Input circuit breaker
3. USB interface
4. RS-232 interface
5. SNMP intelligent slot
6. External battery connector

- 7. output jack
- 8. Output terminal

- 1.External battery port
- 2.RS-232 communication port
- 3.Smart slot
- 4.USB communication port
- 5.Emergency power-off connector
- 6.Fan
- 7..Output power circuit breaker
- 8..Output/input terminals

Product Description:

Our High Frequency UPS is also designed for versatility. It can be used as a High Frequency Induction Heater to heat up your materials quickly and efficiently. This makes it ideal for industrial processes that require precise and consistent heating. With its adjustable power output, you can easily control the temperature and ensure that your materials are heated to the desired level.

Aside from being a High Frequency Induction Heater, our product also functions as a DC UPS Power Supply. This means it can provide backup power to your systems in case of power outages or other types of electrical disturbances. With its quick response time, you can be assured that your systems will remain operational even during power interruptions.

Our High Frequency UPS is built to last. It is made from high-quality materials that can withstand harsh environments and heavy usage. Its compact and lightweight design makes it easy to install and operate, while its user-friendly interface ensures that you can easily monitor and manage its performance.

Whether you're looking for a reliable power supply for your business, or a versatile tool for your industrial processes, our High Frequency UPS is the perfect solution. With its High Frequency High Voltage Transformer, High Frequency Induction Heater, and DC UPS Power Supply capabilities, you can be assured of stable and efficient power output whenever you need it.

Features:

- Product Name: High Frequency UPS
- Compact UPS Battery Backup
- Industrial UPS Power Supply
- 3 Phase Online UPS

Technical Parameters:

Technical Parameter	Description
Product Name	High Frequency DC Power Supply
Output Power	1-10 kVA
Input Voltage	220V/380V AC
Output Voltage	220V AC
Battery Capacity	48V DC
Battery Type	Lead-acid or lithium-ion
Transfer Time	0ms
Application	DC UPS Power Supply, Industrial UPS Power Supply

Applications:

One of the primary uses of the High Frequency UPS is in industrial settings where power interruptions can cause significant damage to equipment and machinery. The UPS provides a stable power supply that ensures uninterrupted operation and prevents costly downtime. It is particularly useful in industries that require high power consumption such as manufacturing, mining, and transportation.

The High Frequency UPS is also useful in areas where power outages are common. It is an essential tool for businesses that rely on technology to operate, such as data centers, call centers, and hospitals. The UPS provides backup power to these critical systems, ensuring that they continue to function even during power outages.

Another application of the High Frequency UPS is in high-frequency inductor and high-frequency induction heater systems. These systems require a stable power supply to function correctly, and the UPS provides just that. With its reliable and clean power output, the UPS ensures that these systems operate efficiently, reducing maintenance costs and improving productivity.

Overall, the SZDXZH H10KL High Frequency UPS is a versatile and reliable power solution that is ideal for various applications. Whether in industrial settings, critical systems, or high-frequency systems, the UPS provides uninterrupted power supply and ensures efficient operation. With a minimum order quantity of 1 and a price of \$626.4, the High Frequency UPS is an affordable and effective investment for businesses. Payment terms are T/T, and supply ability and delivery time are negotiable. The product is packaged in carton packaging

and made in China.

Support and Services:

The High Frequency UPS product technical support and services include:

24/7 technical support and troubleshooting assistance

Installation and commissioning services

Preventative maintenance services

Remote monitoring and diagnostic services

Onsite repair and replacement services

Training and certification programs for users and technicians

Our team of experienced professionals is dedicated to providing high-quality technical support and services to ensure the reliable and efficient operation of your High Frequency UPS system.

Packing and Shipping:

Product Packaging:

The High Frequency UPS product will be packaged securely in a sturdy cardboard box to ensure safe transportation. The box will be labeled with the product name and any necessary handling instructions.

Shipping:

Shipping for the High Frequency UPS product will be done through a trusted courier service. The shipping cost will be calculated based on the destination and weight of the package. The estimated delivery time will be provided once the package has been dispatched.

FAQ:

Q: What is the brand name of this UPS?

A: The brand name of this UPS is SZDXZH.

Q: What is the model number of this UPS?

A: The model number of this UPS is H10KL.

Q: What is the place of origin of this UPS?

A: This UPS is made in China.

Q: What is the minimum order quantity for this UPS?

A: The minimum order quantity for this UPS is 1.

Q: What is the price of this UPS?

A: The price of this UPS is \$626.4.

Q: What are the payment terms for this UPS?

A: The payment terms for this UPS are T/T.

Q: What is the supply ability for this UPS?

A: The supply ability for this UPS is negotiable.

Q: What is the delivery time for this UPS?

A: The delivery time for this UPS is negotiable.

Q: What is the packaging details for this UPS?

A: The packaging details for this UPS is carton packaging.

01
Stable and reliable
ONLINE DOUBLE CONVERSION TECHNOLOGY COMPLETELY ELIMINATES THE IMPACT OF POWER FAILURES AND EFFECTIVELY PROTECTS THE LOAD FROM UNINTERRUPTED OPERATION

02
Ultra-wide voltage
ULTRA-WIDE VOLTAGE INPUT RANGE, EFFECTIVELY REDUCING THE NUMBER OF BATTERY CHANGES AND EXTENDING

03
Green and Energy Saving
REDUCE ENERGY LOSS, EFFICIENCY UP TO 90%, ULTRA-SMALL SIZE, SIGNIFICANTLY SAVES SPACE

04
Convenient and easy to use
EASY TO OPERATE, LCD DISPLAY, FRIENDLY HUMAN-MACHINE INTERFACE, STANDARD MACHINE
