

## High Frequency Power Conditioner for Fast Transfer Time 0ms and Output Terminal Yes

### Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Model Number: H10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

### Product Specification

- Smart Slot: Yes
- Transfer Time: 0ms
- Output Power Circuit Breaker: Yes
- Output Voltage: 220V AC
- Output Jack: Yes

### Product Description:

Featuring an output jack, the High Frequency UPS is easy to connect to your devices and ensures that you never experience any downtime or interruptions. Whether you're running important servers, medical equipment, or other critical systems, this UPS has you covered.

With a negotiable supply ability, you can customize your order to meet your specific needs and ensure that you have the right amount of backup power for your business or home. And with the trusted brand name of SZDXZH, you can trust that your UPS is built to last and provide reliable performance for years to come.

Designed to work with 220V/380V AC input voltage, the High Frequency UPS is a versatile and adaptable backup power solution that can be customized to meet your unique needs. Whether you're looking for a high frequency electric power stabilizer, a high frequency backup power system, or a high frequency emergency power supply, this UPS has you covered.

Whether you're looking to protect your business from costly downtime, or simply want to ensure that your home remains powered during an outage, the High Frequency UPS is the perfect solution for all your backup power needs. So why wait? Contact us today to learn more about how this powerful and reliable UPS can help keep your systems running smoothly no matter what.

### Features:

Product Name: High Frequency UPS

External battery connector: Yes

Packaging Details: Carton packaging

Input Voltage: 220V/380V AC

Payment Terms: T/T

Output terminal: Yes

Features:

High Frequency Voltage Regulator

High Frequency Backup Power System

High Frequency Universal Power Supply

### Technical Parameters:

Battery Type	Lead-acid or lithium-ion
Technical Parameter Description	High Frequency DC Power Supply
USB interface	Yes
Price	\$626.4
Fan	Yes
Output terminal	Yes
Minimum Order Quantity	1
Place of Origin	China
Packaging Details	Carton packaging
Payment Terms	T/T

This High Frequency DC Power Supply is equipped with a High Frequency Voltage Regulator, allowing it to provide reliable power to high frequency power networks. It also serves as a High Frequency Electrical Backup Generator, ensuring that your systems stay up and running even during power outages.

### Applications:

The High Frequency UPS product is suitable for a wide range of applications, including DC UPS Power Supply and Industrial UPS Power Supply. It is ideal for use in environments where power outages or surges can cause damage or loss of data. This product is designed to provide continuous power to critical devices such as servers, computers, and data centers. It is also suitable for use in industries such as manufacturing, telecommunications, and healthcare where power outages can have a significant impact on operations.

The High Frequency Emergency Power Supply is suitable for use in a variety of scenarios, including offices, homes, and industrial facilities. It is particularly useful in areas where there is a high risk of power outages, such as areas prone to natural disasters or regions with unstable power grids. This product can help to protect devices and data from power surges and outages, ensuring that critical operations can continue uninterrupted.

In conclusion, the SZDXZH H10KL High Frequency Uninterruptible Power Source is a reliable and efficient power supply that is suitable for a wide range of applications. It is designed to provide uninterrupted power to critical devices, making it ideal for use in industries such as manufacturing, telecommunications, and healthcare. With its output/input terminals, external battery connector, and external battery port, this product is a must-have for anyone looking for a reliable and efficient High Frequency Emergency Power Supply.

### Support and Services:

The High Frequency UPS product technical support and services include:

- 24/7 technical support hotline
- On-site installation and commissioning
- Remote monitoring and diagnostics
- Preventative maintenance and inspections
- Repair and replacement services
- Training and education for users and technicians

## **Packing and Shipping:**

Product Packaging:

High Frequency UPS unit

Power cord

User manual

Warranty card

Shipping:

Shipped via UPS or FedEx

Tracking number will be provided

Shipping insurance included

## **FAQ:**

What is the brand name of this High Frequency UPS?

The brand name of this High Frequency UPS is SZDXZH.

What is the model number of this product?

The model number of this High Frequency UPS is H10KL.

Where is this product manufactured?

This product is manufactured in China.

What is the minimum order quantity for this product?

The minimum order quantity for this High Frequency UPS is 1.

What is the price of this product?

The price of this High Frequency UPS is \$626.4.

What are the payment terms for this product?

The payment terms for this High Frequency UPS are T/T.

What is the supply ability for this product?

The supply ability for this High Frequency UPS is negotiable.

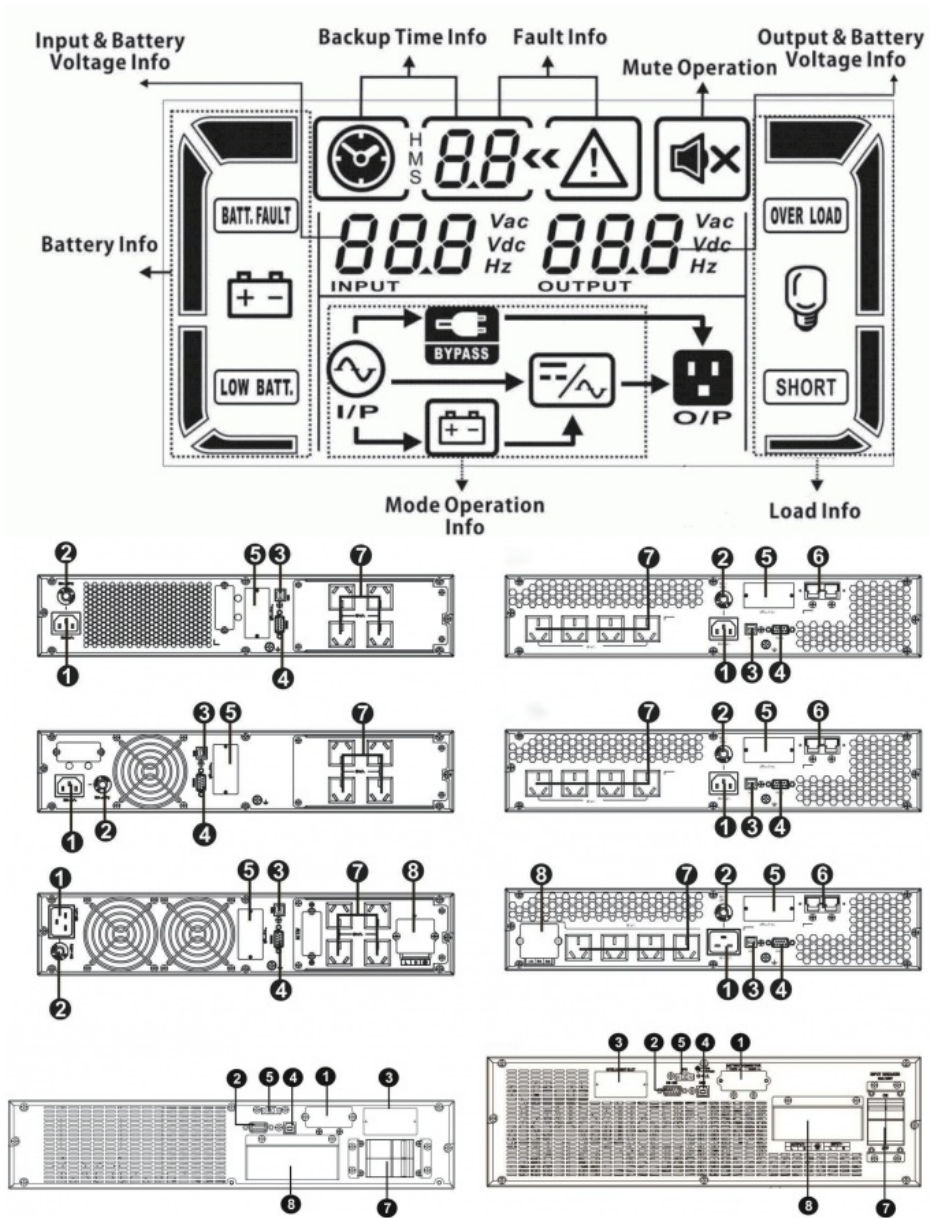

What is the delivery time for this product?

The delivery time for this High Frequency UPS is negotiable.

How is this product packaged?

This product is packaged in cartons.

**01**

**Stable and reliable**

ONLINE DOUBLE CONVERSION TECHNOLOGY COMPLETELY ELIMINATES THE IMPACT OF POWER FAILURES AND EFFECTIVELY PROTECTS THE LOAD FROM UNINTERRUPTED OPERATION

**02**

**Ultra-wide voltage**

ULTRA-WIDE VOLTAGE INPUT RANGE, EFFECTIVELY REDUCING THE NUMBER OF BATTERY CHANGES AND EXTENDING

**03**

**Green and Energy Saving**

REDUCE ENERGY LOSS, EFFICIENCY UP TO 90%, ULTRA-SMALL SIZE, SIGNIFICANTLY SAVES SPACE

COMPARISON OF POWER LOSS BETWEEN SYSTEMS

**90%**

**04**

**Convenient and easy to use**

EASY TO OPERATE, LCD DISPLAY, FRIENDLY HUMAN-MACHINE INTERFACE, STANDARD MACHINE
