

24V Battery Voltage High Frequency UPS with Optional Built-in Isolation Transformer

Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Model Number: H10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

Product Specification

- Efficiency (Commercial Power Mode): 0.89
- Efficiency (Battery Mode): 0.86-0.88
- Applications: Government, Finance, Communications, Education, Transportation, Meteorology, Radio And Television, Industrial And Commercial Taxation, Medical Care, Energy And Electricity, Etc.
- True Online Double Conversion: 0ms
- User-Friendly Interface: Yes
- Product Name: 6kva Tower Type Power Frequency Machine/Industrial UPS/

Our Product Introduction

for more products please visit us on power-cabinets.com

Product Description:

Our High Frequency Backup Battery System is designed to be easy to install and use, with a user-friendly interface that makes it simple to manage and monitor your power supply. With a True Online Double Conversion time of 0ms, you can be sure that your devices will be protected from any fluctuations or surges in the power supply.

Our High Frequency Power Protection system is ideal for a wide range of applications, from small businesses to large data centers.

Whether you need to protect your servers, workstations, or other critical equipment, our H10KL model is up to the task.

With a minimum order quantity of just 1, getting started with our H10KL model is easy and affordable. We accept payment via T/T, making it simple to get the equipment you need to protect your business.

Don't let power outages and surges put your business at risk. Invest in the reliable protection of our High Frequency UPS today!

Features:

Product Name: High Frequency UPS

Intelligent Battery Management System: Yes

Brand Name: SZDXZH

Applications: Government, Finance, Communications, Education, Transportation, Meteorology, Radio And Television, Industrial And Commercial Taxation, Medical Care, Energy And Electricity, Etc.

Payment Terms: T/T

Energy Saving ECO Mode: Yes

Our High Frequency UPS provides High Frequency Power Protection, acts as a High Frequency Emergency Power Supply, and functions as a High Frequency Uninterruptible Power Supply.

Technical Parameters:

Product Category	High Frequency UPS
Applications	Government, Finance, Communications, Education, Transportation, Meteorology, Radio And Television, Industrial And Commercial Taxation, Medical Care, Energy And Electricity, Etc.
Delivery Time	Negotiable
Model Number	H10KL
Intelligent Battery Management System	Yes
Efficiency (Battery Mode)	0.86-0.88
Product Name	6kva tower type power frequency machine/Industrial UPS/
Built-in Isolation Transformer (optional)	Yes
Output Power Factor	0.8
True Online Double Conversion	0ms

Keywords: High Frequency Backup Battery System, High Frequency Uninterruptible Power Source, High Frequency Emergency Power Supply

Applications:

The SZDXZH H10KL High Frequency UPS is manufactured in China and has a minimum order quantity of 1. The price of this product is \$626.4 and payment terms are T/T. Supply ability and delivery time are negotiable, and the product is packaged in cartons for safe transportation.

One of the most significant features of the H10KL is its high efficiency in Commercial Power Mode, boasting an efficiency rating of 0.89. The output power factor is 0.8, which ensures that the product can handle high loads.

The H10KL has a net weight of 9.8kg, making it lightweight and easy to install. The user-friendly interface makes it simple to operate and maintain, making it ideal for a range of applications.

This High Frequency Emergency Power Supply is perfect for use in a variety of scenarios, including data centers, hospitals, and other critical facilities. This product is an essential tool for businesses and organizations that require a reliable backup power source.

Our SZDXZH H10KL High Frequency UPS is an excellent product that can provide reliable power in emergency situations. If you are looking for a dependable and efficient High Frequency Emergency Power Supply, the H10KL is the perfect solution. Contact us today to learn more about this product, its features, and how it can benefit your business.

Support and Services:

The High Frequency UPS product provides reliable power protection for IT and critical infrastructure applications. Our technical support team is available 24/7 to assist with any questions or issues that may arise. We offer a range of services to ensure your UPS is functioning optimally, including preventative maintenance, on-site repairs, and remote monitoring. Our team of trained professionals can also help with installation and configuration, as well as battery replacement and disposal. In addition, we provide access to firmware updates and technical documentation to ensure that your High Frequency UPS is always up-to-date and performing at its best.

Packing and Shipping:

Product Packaging:

The High Frequency UPS product will be packaged securely in a sturdy cardboard box to ensure safe delivery. The product will be wrapped in protective cushioning material to prevent any damage during shipping. The box will be labelled with the product name and relevant shipping information.

Shipping:

The High Frequency UPS product will be shipped via a reputable courier service to ensure timely and safe delivery. The shipping cost will be calculated based on the destination and shipping speed selected. The customer will receive a tracking number to track their shipment and ensure its safe arrival.

FAQ:

A: The brand name of the High Frequency UPS is SZDXZH.

Q: What is the model number of the High Frequency UPS?

A: The model number of the High Frequency UPS is H10KL.

Q: Where is the High Frequency UPS manufactured?

A: The High Frequency UPS is manufactured in China.

Q: What is the minimum order quantity for the High Frequency UPS?

A: The minimum order quantity for the High Frequency UPS is 1.

Q: What is the price of the High Frequency UPS?

A: The price of the High Frequency UPS is \$626.4.

Q: What are the payment terms for purchasing the High Frequency UPS?

A: The payment terms for purchasing the High Frequency UPS are T/T.

Q: What is the supply ability for the High Frequency UPS?

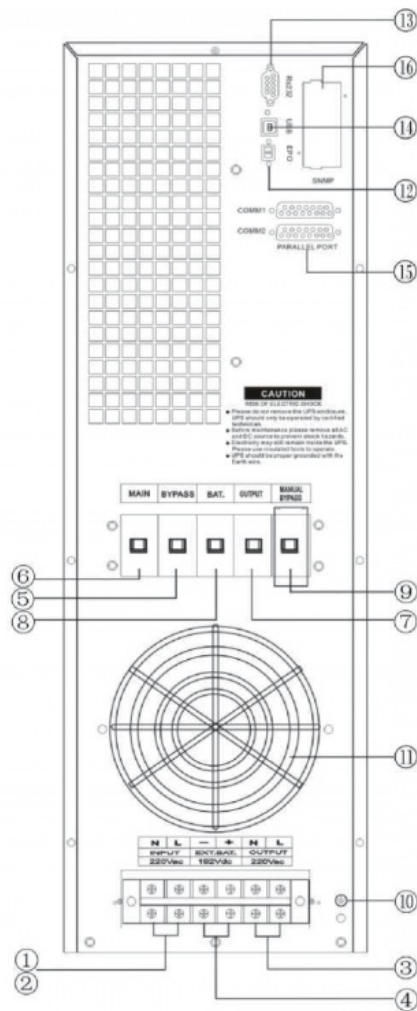

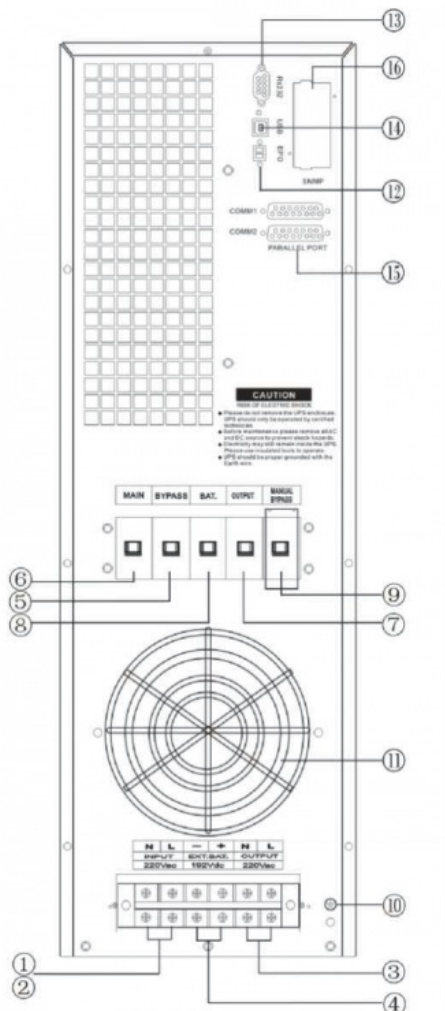

A: The supply ability for the High Frequency UPS is negotiable.

Q: What is the delivery time for the High Frequency UPS?

A: The delivery time for the High Frequency UPS is negotiable.

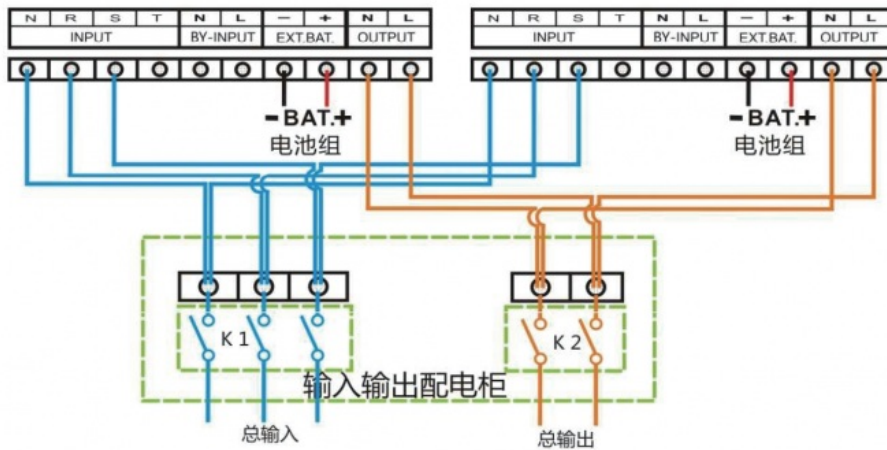

Q: What is the packaging details for the High Frequency UPS?

A: The packaging details for the High Frequency UPS is carton packaging.
