

Commercial Industrial Uninterruptible Power Supply With Energy Saving ECO Mode

Our Product Introduction

for more products please visit us on power-cabinets.com

Basic Information

- Place of Origin: CHINA
- Brand Name: SZDXZH
- Model Number: H10KL
- Minimum Order Quantity: 1 pcs
- Packaging Details: Woodcase/ Paper box
- Delivery Time: 15-25 days
- Payment Terms: T/T
- Supply Ability: 10000pcs/month

Product Specification

- Country Of Origin: China
- Battery Voltage: 24V
- Intelligent Battery Management System: Yes
- Product Category: Industrial UPS Power Supply
- True Online Double Conversion: 0ms
- Support And Services: Installation And Commissioning, Maintenance And Repair, Remote Monitoring And Management, On-site Technical Support, Training And Education
- Highlight: **ECO Mode Industrial Uninterruptible Power Supply**
, Commercial Industrial Ups Battery Backup

Product Description

Free Shipping Commercial UPS Power Source With Energy Saving ECO Mode

Product Description:

Our Industrial UPS Power Supply is a Commercial UPS Power Source that offers an efficiency of 0.89 in Commercial Power Mode, ensuring that you get the most out of your power source. This product is perfect for businesses that require continuous, uninterrupted power supply to keep their operations running smoothly.

We offer comprehensive Support and Services to ensure that your Industrial UPS Power Supply remains in top condition. We provide Installation and Commissioning services to ensure that your UPS is set up correctly and running optimally. We also offer Maintenance and Repair services to keep your UPS in top condition and Remote Monitoring and Management to keep an eye on your UPS performance. Our On-site Technical Support team is always on standby to provide assistance when needed, and we offer Training and Education to ensure that you and your team are equipped to handle any situation.

Our Industrial Strength UPS Battery Backup is designed to withstand the rigors of industrial use. Its rugged construction ensures that it can handle the toughest conditions without compromising on performance. With our Industrial UPS Power Supply, you can be sure that your operations will continue to run smoothly, even in the event of a power outage.

Investing in our Industrial UPS Power Supply is a smart decision. With its high efficiency, reliable performance, and comprehensive support, you can be confident that your business will remain up and running, no matter what. Contact us today to learn more about our Industrial UPS Power Supply and how it can benefit your business.

Features:

Product Name: Industrial UPS Power Supply

Product Category: Industrial UPS Power Supply

Efficiency (Commercial Power Mode): 0.89

Battery Voltage: 24V

Applications:

Manufacturing plants

Warehouse and distribution centers

Hospitals and healthcare facilities

Data centers and server rooms

Financial institutions

Telecommunications centers

Support and Services:

Installation and commissioning

Maintenance and repair

Remote monitoring and management

On-site technical support

Training and education

Industrial Strength UPS Battery Backup, Industrial Voltage Regulator, Factory Power Loss Deterrent

Technical Parameters:

Model Number	H10KL
Product Name	15K Power frequency machine Power frequency uninterruptible power supply for schools/factories/military/mining sites
Product Packaging	High Frequency UPS unit, Power cord, User manual, Warranty card
Factory Standby Power Unit	Yes
Industrial Strength UPS Battery Backup	Yes
Efficiency (Commercial Power Mode)	0.89
Support and Services	Installation and commissioning, Maintenance and repair, Remote monitoring and management, On-site technical support, Training and education
Country of Origin	China
Payment Terms	T/T
Shipping	Ships within 2 business days
Shipping method	FedEx ground
Shipping cost	Free

Tracking number provided	once item is shipped
Minimum Order Quantity	1

Applications:

SZDXZH H10KL Industrial Strength UPS Battery Backup is a heavy-duty power protection system that is designed to offer reliable power protection for various industries. The product is made in China with a minimum order quantity of 1 and a price of \$626.4. The supply ability is negotiable, and the packaging details are in cartons.

The SZDXZH H10KL Industrial Strength UPS Battery Backup is suitable for schools, factories, military, and mining sites. The product is ideal for places where power outages are frequent because it ensures uninterrupted power supply. The product is a True Online Double Conversion with a 0ms response time, which means that it offers seamless power backup without any interruption.

The H10KL Industrial Strength UPS Battery Backup is equipped with an Energy Saving ECO Mode that allows for efficient power usage. The product is designed to save energy without compromising power quality, which makes it an ideal solution for industries that require large amounts of power. The Intelligent Battery Management System ensures that the battery is charged efficiently, which extends the life of the battery.

The SZDXZH H10KL Industrial Strength UPS Battery Backup is a heavy-duty power protection system that is designed to protect critical equipment from power surges, spikes, and other electrical disturbances. The product is made in China with a minimum order quantity of 1 and a price of \$626.4. The supply ability is negotiable, and the packaging details are in cartons.

In conclusion, the SZDXZH H10KL Industrial Strength UPS Battery Backup is an ideal solution for industries that require heavy-duty power protection. The product is designed to offer reliable power protection for schools, factories, military, and mining sites. The True Online Double Conversion with a 0ms response time ensures uninterrupted power supply, while the Energy Saving ECO Mode ensures efficient power usage. The Intelligent Battery Management System ensures that the battery is charged efficiently, which extends the life of the battery.

Support and Services:

The Industrial UPS Power Supply is a reliable and high-performance product designed to provide uninterrupted power supply to critical industrial equipment and systems. Our team of technical support professionals is available to assist you with any questions or issues you may have with your Industrial UPS Power Supply.

We offer a range of services to ensure that your Industrial UPS Power Supply is running at optimal performance. Our services include:

Installation and setup

Maintenance and repair

Remote monitoring and diagnostics

Training and support

Our technical support team is available 24/7 to provide assistance with any issues or concerns you may have. Contact us today to learn more about our Industrial UPS Power Supply and the services we offer.

Packing and Shipping:

Product Packaging:

Our industrial UPS power supply product is packaged securely to ensure that it arrives at your doorstep in perfect condition. The product is wrapped in multiple layers of protective material to prevent any damage during transit. The package also includes a user manual and all the necessary cables and accessories required for installation.

Shipping:

We offer free shipping on all our industrial UPS power supply products to anywhere in the world. The product is shipped through a reliable courier service, and you can track your shipment from the moment it leaves our warehouse until it reaches your doorstep. We take great care to ensure that the product is delivered to you as quickly and safely as possible.

FAQ:

Q: What is the brand name of this Industrial UPS Power Supply?

A: The brand name of this Industrial UPS Power Supply is SZDXZH.

Q: What is the model number of this Industrial UPS Power Supply?

A: The model number of this Industrial UPS Power Supply is H10KL.

Q: Where is this Industrial UPS Power Supply manufactured?

A: This Industrial UPS Power Supply is manufactured in China.

Q: What is the minimum order quantity for this Industrial UPS Power Supply?

A: The minimum order quantity for this Industrial UPS Power Supply is 1.

Q: What is the price of this Industrial UPS Power Supply?

A: The price of this Industrial UPS Power Supply is \$626.4.

Q: What are the payment terms for this Industrial UPS Power Supply?

A: The payment terms for this Industrial UPS Power Supply are T/T.

Q: What is the packaging method for this Industrial UPS Power Supply?

A: This Industrial UPS Power Supply is packaged in cartons.

Q: What is the delivery time for this Industrial UPS Power Supply?

A: The delivery time for this Industrial UPS Power Supply is negotiable.

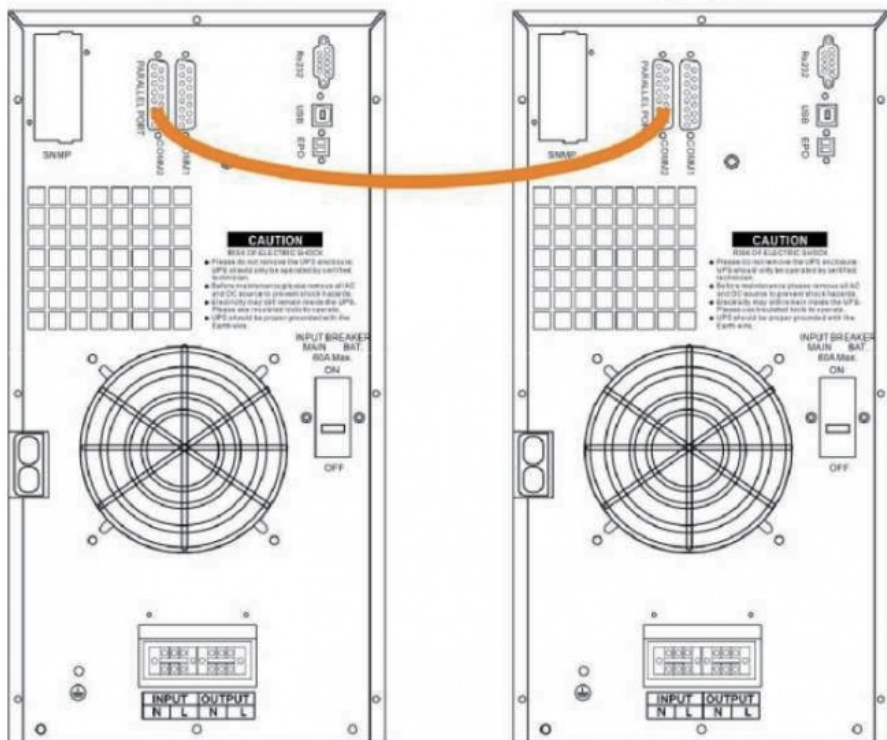

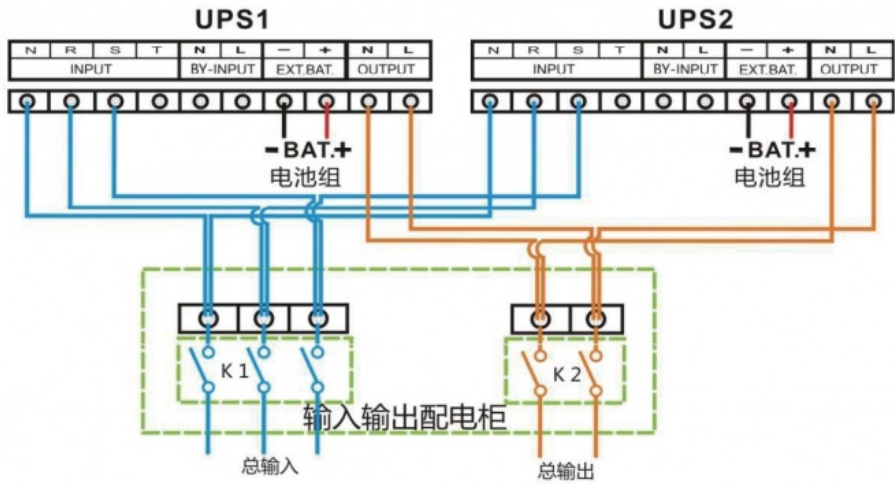

Q: What is the supply ability for this Industrial UPS Power Supply?

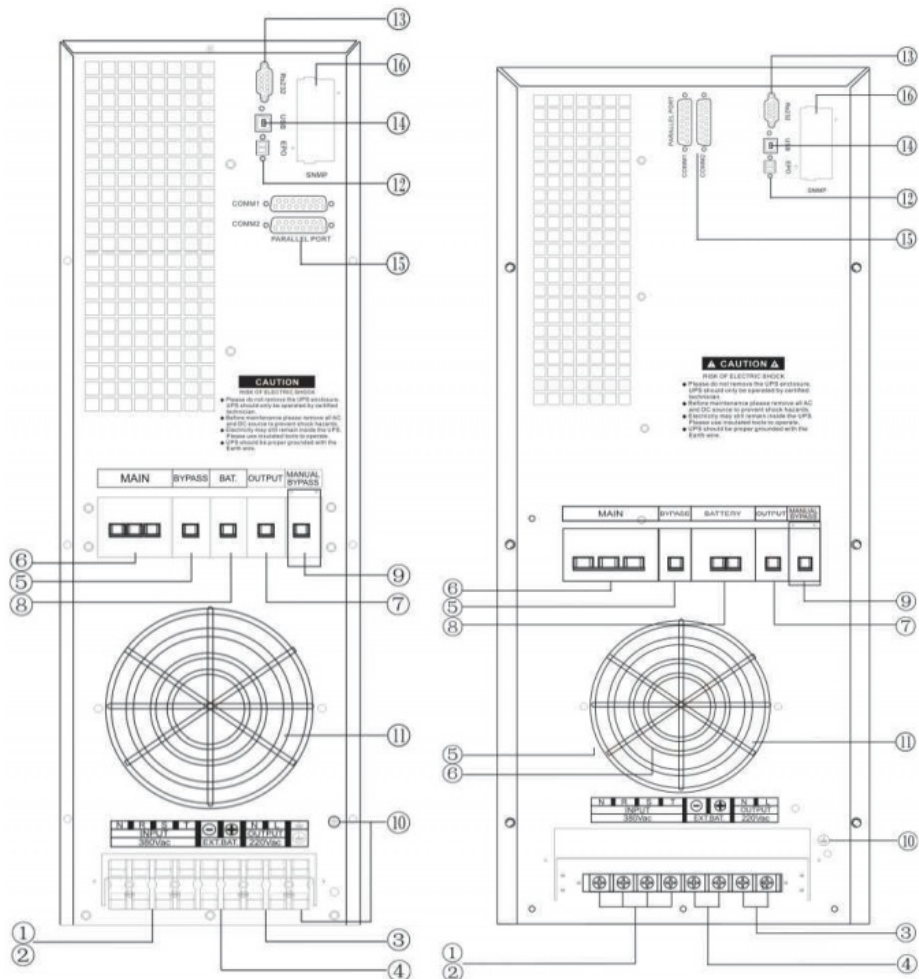

A: The supply ability for this Industrial UPS Power Supply is negotiable.

model	31H15K(L)	31H20K(L)
Phase	Three in single out	
capacity	15KVA/12KW	20KVA/16KW

IN		
INPUT VOLTAGE	3*380VAC/400VAC/415VAC(3PH+N)	
Voltage range	285~475VAC	
Frequency range	50Hz±1%	
OUT		
Output voltage	220/230/240VAC	
Voltage stabilization accuracy (battery mode)	±1%	
Frequency range (synchronous correction range)	46-54Hz@50Hz 56-64Hz@60Hz	
Frequency range (battery mode)	50Hz±0.1Hz or 60Hz±0.1Hz	
Harmonic distortion	≤2% TDH(Linear Load) ≤4% TDH(Nonlinear load)	
Change time	Municipal electric battery	0ms
	Reverse to bypass	0ms(Under standard conditions)
Waveform (battery mode)	Pure sine wave	
Efficiency		
Commercial power mode	>90%	
Battery		
Standard machine(S)	model No	Depends on the application party
	quantity	32(29-32)
	Standard charging time	Restores to 90% capacity in 6 hours
	Charging Voltage	218VDC±1%
Display Description		
LCD display	UPS status, load size, battery capacity, input/output voltage, discharge time, fault indication	
physical property		
Standard machine(S)	size:D*W*H(MM)	560*360*900
	weight KG	120 145
Usage environment		
Temperature and humidity	Relative humidity 0-95% and 0-40 °C (non condensing)	

noise	Less than 70dB@1 rice
sup-control	
IntelligenceRS-232/USB	SupportWindows2000/2003/XP/Vista/2008,Windows7/8 ,Linux and MAC
Optional SNMP card	Power management supports SNMP management and network management
<p>·The battery number is set at the factory and cannot be changed by the user</p> <p>·If UPS is installed or used at an altitude of over 1000m, the output capacity must be reduced by 1% every 100m</p> <p>·If there are any changes to the current product specifications, no further notice will be given</p>	

Number	BYPASS	Bypass input terminal (for dual input) three-phase
1	INPUT	Municipal power input terminal (three-phase)
2	OUTPUT	UPS Output terminal
3	BAT.	DC battery terminal
4	BYPASS	Bypass input switch
5	INPUT MAIN	Mains power input switch
6	OUTPUT	UPS OUTPUT
7	BAT.	Battery switch
8	Maintenance Bypass	Manual maintenance switch (for professional maintenance personnel only)
9	Grounding	Ground terminal
10	FAN	Forced exhaust fan
11	EPO	Remote emergency shutdown interface (normal plugin is short circuited)
12	RS-232	DB9 interface, connected to a computer through this interface, Implement monitoring and communication
13	USB	Industrial USB interface

14	COMM 1/COM M2	Redundant parallel interface
15	SNIMP	Remote monitoring through network adapter SNMP card
