

10kw Uninterruptible Power Supply Cabinet For Photovoltaic Complementary Power Conversion Module

Our Product Introduction

Basic Information

- Place of Origin: SHENZHEN
- Brand Name: daxin
- Certification: CE
- Model Number: ODC-210909C2T-200AH
- Minimum Order Quantity: 10
- Packaging Details: Wooden crate/cardboard box
- Delivery Time: 30 days
- Payment Terms: t/t
- Supply Ability: 10000pcs/month

Product Specification

- Features: Photovoltaic Complementary Power Conversion Module For Monitoring Cameras/communication/government Units/factories
- Applications: Suitable For Powering Solar Powered Cameras, Communication Systems, Government Units, Factories, And Other Devices
- Packing And Shipping: Secure Packaging And Shipping Via Freight Carrier With Delivery Time Of 5-7 Business Days
- Product Category: UPS Cabinets
- Load Power (w): 10kw
- Product Description: Industrial And Commercial Energy Storage System
- Output Voltage (v): AC 110V/220V
- Specification: 5kw
- Highlight: **10kw Uninterruptible Power Supply Cabinet,**

Product Description

10kW Uninterruptible Power Supply Cabinet with Photovoltaic Complementary Power Conversion

Industrial-grade 10kW UPS cabinet designed for photovoltaic hybrid systems, providing reliable AC 110V/220V power for critical applications including surveillance, communications, and industrial operations.

Key Features

- 10kW load capacity with 5kW specification
- Photovoltaic complementary power conversion module
- Output voltage: AC 110V/220V
- Industrial-grade protection against power surges
- Durable construction for harsh environments
- User-friendly installation and maintenance

Technical Specifications

Product Name	Backup Power System Cabinet/Voltage Regulator Cabinet
Product Category	UPS Cabinets
Load Power	10kW
Specification	5kW
Output Voltage	AC 110V/220V

Applications

- Ideal for powering:
- Solar-powered surveillance cameras
 - Communication systems
 - Government facilities
 - Industrial factories
 - Other critical equipment requiring stable power

Support & Services

- Comprehensive technical support including:
- Installation and commissioning
 - Preventive maintenance
 - Emergency repairs
 - Technical training
 - 24/7 remote monitoring

TRUMATIC500- Fully Automatic

TRUMATIC500- Fully Automatic
Japan AMADA - Fully Automatic

- 1500W: 1tower
- 3000W: 2tower

- Fast data punching: 4 units with automatic loading and unloading

- Japan AMADA: 7 units with automatic loading and unloading
- Model: EM-2510NT/AC-2510NT

Ordering Information

Brand	daxin (Model: ODC-210909C2T-200AH)
Certification	CE Certified
Minimum Order	10 units
Price	\$6000 USD per unit
Delivery Time	30 days
Shipping	Secure packaging in wooden crates/cardboard boxes

Frequently Asked Questions

What is the output voltage range?

The cabinet provides stable output at both 110V and 220V AC.

How does the photovoltaic conversion module work?

It seamlessly integrates solar power with grid power to maintain continuous operation during power fluctuations.

What environments is this cabinet suitable for?

The industrial-grade construction withstands harsh conditions including temperature variations and dust.
