## Product Description

### Anti Theft Waterproof Outdoor Telecom Cabinets Electrical Supply Cabinet OEM

#### Features:

Product Name: Outdoor Telecom Cabinets  
Keywords: Outdoor Telecommunication Locker, Outdoor Telecom Enclosure, Outdoor Telecom Container  
Other Accessory: Sensor  
Applications: Telecommunications, transportation, renewable energy, outdoor events  
Certification: CE  
Packaging: Wooden Crate or Cardboard Box  
Features:  
Designed for outdoor use  
Weather-resistant construction  
Multiple sizes available to suit different applications  
Optional sensor for monitoring  
Easy to install and maintain  
Secure locking mechanism for added protection  
Can be used for Conference Room Equipments, Electric Control Cabinet, Cabinet Door Panels

#### Technical Parameters:

Certification: CE  
Support and Services: 24/7 remote monitoring and diagnostics, On-site maintenance and repairs, Customized design and engineering for specific telecom equipment, Installation and commissioning services, Training for cabinet operation and maintenance  
Surface Coating: Outdoor Powder Coating  
Features: Commercial Power Safe, Industrial Commercial Storage, Commercial Energy Backup  
Other Accessory: Sensors  
Packaging: Wooden Crate or Cardboard Box  
Product Name: Outdoor Telecom Enclosure Upgrade Exterior WPC Wall Panel with Outdoor Powder Coating  
Keywords: Outdoor Telecommunication Locker, Outdoor Telecom Enclosure, Outdoor Telecom Container  
Energy Storage: Industrial and Commercial  
System Type:  
Other Related Products: Conference Room Equipments, Free Standing Electrical Enclosures, Home Interior TV Cabinet

#### Applications:

The Outdoor Telecom Cabinets is an essential product for Telecommunications and transportation industries. It can be used to store and protect telecommunication equipment and other sensitive equipment from harsh weather conditions. The product is also suitable for renewable energy and outdoor events. The Outdoor Telecommunication Locker provides a secure and safe storage solution for equipment while ensuring that it remains protected from the elements. The Outdoor Telecom Enclosure is designed to provide a clean and comfortable environment for equipment, even in harsh outdoor environments. The Outdoor Telecom Container is durable and long-lasting, making it an excellent investment for various industries. The dixin Outdoor Telecom Cabinets features a material of 1.5mm steel, making it sturdy and durable. It is also equipped with Commercial Power Safe, Industrial Commercial Storage, and Commercial Energy Backup features. These features make it an excellent choice for industries that require reliable and safe storage solutions for their equipment. The product is also suitable for use as Fresh Air Cabinet, Industrial Safety Cabinets, and Conference Room Equipment.

#### Support and Services:

Our Outdoor Telecom Cabinets product comes with comprehensive technical support and services to ensure optimal performance and functionality. Our team of experienced technicians are available to help with any technical issues or concerns that may arise, and can provide guidance on proper installation, maintenance, and troubleshooting procedures. We offer ongoing support and services to help ensure that your Outdoor Telecom Cabinets continue to meet your needs and expectations over the long-term.

#### Packing and Shipping:

Product Packaging:  
The outdoor telecom cabinets will be packed in sturdy cardboard boxes to protect them during transportation. The boxes will be labeled clearly with product information, handling instructions, and caution labels. The cabinets will be wrapped with foam padding and other protective materials to prevent damage during transit.  
Shipping:  
The outdoor telecom cabinets will be shipped via a reliable and reputable international carrier. The shipping cost will be calculated based on the weight and size of the cabinets, as well as the shipping destination. The estimated shipping time will be provided to the customer upon checkout. The customer will be provided with a tracking number to monitor the shipment status.
