

5000 Supply Capacity High Voltage Dc Power Supply -40°C To 55°C for Temperature Range

Our Product Introduction

for more products please visit us on power-cabinets.com

Basic Information

- Place of Origin: shenzhen
- Brand Name: daxin
- Certification: CE,UL
- Model Number: DX-C-1k20AH
- Minimum Order Quantity: 10
- Packaging Details: Wooden pallet+cardboard box
- Payment Terms: L/C and T/T
- Supply Ability: 10000pcs/month

Product Specification

- Temperature Range: -40°C To 55°C
- Internal Dimension: W×D×H 482.3×380×44mm
- Support And Services: 24/7 Remote Technical Support, On-site Technical Assistance And Troubleshooting, Regular Firmware And Software Updates, Training And Certification Programs For Maintenance Personnel, Extended Warranty And Maintenance Agreements, Customized System Design An
- Cabinet Layout: One Compartment
- Humidity Range: 10% To 95%
- Supply Capacity: 5000
- Installation Method: Floor Installed

Product Description

Product Description:

The cabinet layout of this communication power supply is designed to have a one-compartment layout, which means that all the electrical components and embedded power supply from Daxin are housed in a single enclosure, making it compact and easy to install. Moreover, this communication power supply is capable of providing a stable and reliable DC voltage output of 48V and a current output of 50A, making it suitable for a wide range of communication equipment.

If you are looking for a desktop power supply unit that is reliable and efficient, the One Compartment Cabinet Layout 48V 50A Power Supply is a great option. This communication power supply is designed to operate in harsh outdoor conditions and is perfect for use in communication applications such as radio towers, cell sites, and other outdoor communication equipment that require stable and reliable DC voltage output.

The Daxin embedded power supply is a key feature of this communication power supply. It has been designed and tested to provide a stable and reliable DC voltage output, ensuring that your communication equipment operates smoothly. The DC DC power supply is also efficient and consumes less power, reducing your energy costs.

In summary, the One Compartment Cabinet Layout 48V 50A Power Supply for Humidity Range of 95% Pole Mount/Wall Mount Outdoor Dis is a reliable and efficient communication power supply that is designed to operate in harsh outdoor conditions. Its one-compartment layout, outdoor powder coating surface, and Daxin embedded power supply make it a great option for those in need of a sturdy and reliable communication power supply. Whether you're looking for a desktop power supply unit or a DC DC power supply, this communication power supply is sure to meet your needs.

Features:

Product Name: Communication Power Supply

Installation Method: Floor Installed

Minimum Order Quantity: 10

Cabinet Layout: One Compartment

Internal Dimension: W×D×H 482.3×380×44mm

Humidity Range: 10% To 95%

High Voltage Dc Power Supply

AC DC Power Supply

12V 1A Power Supply

Technical Parameters:

Product Name	One Compartment Cabinet Layout 48V 50A Power Supply for Humidity Range of 95% Pole Mount/Wall Mount Outdoor Dis
Surface	Outdoor Powder Coating
Supply Capacity	5000
Cabinet Layout	One Compartment
Temperature Range	-40°C To 55°C
Capacity	48V/10A~600A
Payment Terms	L/C and T/T
Embedded Power Supply Brand	Daxin
Internal Dimension	W×D×H 482.3×380×44mm
Price	\$2850

Applications:

Support and Services:

Our Communication Power Supply product is backed by our comprehensive technical support and services, which includes:

24/7 technical support hotline

On-site installation and commissioning service

Remote monitoring and diagnostics

Regular maintenance and inspection

Training programs for operators and maintenance personnel

Customized solutions and engineering support

Our team of experienced technicians and engineers are dedicated to providing efficient and reliable support to ensure the optimal performance of your Communication Power Supply product.

Packing and Shipping:

Product Packaging:

1 Communication Power Supply unit

1 Power cord

1 User manual

Shipping:

Shipping will occur within 2 business days of purchase confirmation

Shipping will be done through a reliable courier service

The package will be securely packaged to avoid any damage during transit

Tracking information will be provided once the package has been dispatched

FAQ:

Q: What is the brand name of this communication power supply?

A: The brand name is daxin.

Q: What is the model number of this communication power supply?

A: The model number is DX-C-1k20AH.

Q: What certifications does this communication power supply have?

A: This communication power supply has CE and UL certifications.

Q: Where is this communication power supply made?

A: This communication power supply is made in Shenzhen.

Q: What is the minimum order quantity for this communication power supply?

A: The minimum order quantity is 10.

Q: What is the price of this communication power supply?

A: The price is \$2850.

Q: What are the payment terms for this communication power supply?

A: The payment terms are L/C and T/T.

Q: What is the supply ability of this communication power supply?

A: The supply ability is 5000.

Q: What are the packaging details for this communication power supply?

A: The packaging details are wooden pallet+cardboard box.

Technical Data				
	DXE48200	DXE48400	DXE4830	DXE48600
Input				
Rated voltage	Single phase 220Vac			
Operation voltage range	90~300Vac			
Frequency	50/60Hz±10%			
Power factor	≥0.99			
Output				
Voltage	48V(40~58Vdc adjustable)			
Current	50-200A	50~400A	50-300A	50-600A
Power(Max)	11.6KW	23.2KW	17.4KW	34.8KW
Current sharing at paralleling	≤±3%			
Voltage stability precision	≤±0.6%			
Efficiency	≥91%			
Other data				
Dimension(W*D*H) (mm)	482×280×264	482×280×440	600×400×1200	600×400×1600
Weight	30kg	45kg	130kg	150kg
Battery Input	100A*2	100A*2	300A*2	500A*2
Load Output	(10-63)A*10	(10-63)A*10	100A*3 63A*3 32A*4 10A*2	160A*2 100A*2 (10-63)A*10

Technical Data		
	DXRM4850	DXRM4850H
Input		
Rated voltage	Single phase 220Vac	
Operation voltage range	90~300Vac	
Current	≤18.5A	
Frequency	50/60Hz±10%	
Power factor	≥0.99	
Output		
Voltage	48V(40~58Vdc adjustable)	
Current	50A@58	
Current sharing at paralleling	≤±3%	
Voltage stability precision	≤±0.6%	
Protection	Over voltage, over current, output short-circuit and over temperature	
Other data		
Efficiency	≥92%	≥95%
Cooling mode	Fan cooling	
Operating temperature	-10~+55℃	
Degree of protection class	IP20	
Ripple voltage	≤200mVpp	
Phosphometric noise	≤2mVrms	
Load effect	≤±0.5%	
Restoring time of load effect	≤200 μ s	
Source effect	≤±0.1%	
Dimension (mm)	106(W) ×218(D) ×83.8(H)	
Weight	2.2kg	
EMC		
Emission	Ac input in accordance with EN50081-1 and EN50081-2; DC output in accordance with EN50081-2	
Immunity	In accordance with EN50081-1, EN50081-2	
Safety	In accordance with IEC950, EN60950, EN41003, UL1950, AS/NZ3260	

Main equipment for cabinet processing (Three main equipment)

Laser

- 1500W: 1tower
- 3000W: 2tower

TRUMATIC500- Fully Automatic

- Fast data punching: 4 units with automatic loading and unloading

TRUMATIC500- Fully Automatic
Japan AMADA - Fully Automatic

- Japan AMADA: 7 units with automatic loading and unloading
- Model: EM-2510NT/AC-2510NT

Key process - general punching, bending, and riveting workshop

- Japan AMADA: 25 units
- Model: RG-35S

- TOX riveting machine: 24 units

- Puchong: 5 units (160T+250T+300T)

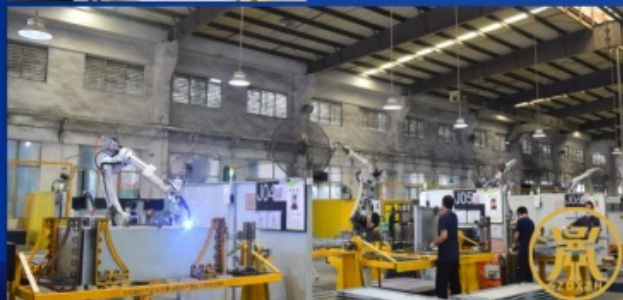

Key Process - Copper and Aluminum Product Workshop (Integrated Cutting and Punching Machine)

- Copper bar integrated machine: 2 units
- Model: LID-30
- Features: high-precision automatic cutting and punching

Key Process - Welding Workshop

Fully automatic, 360 degree rotating welding line features: Welding accuracy: Welding displacement less than 1.5 mm, welding flip angle less than 0.1 degrees. Welding software: Our self-developed welding control software v1.3 version can store up to 128 welding programs. Scan the product code to initiate the welding program, automatically switch between dual platforms, seamlessly connect, and achieve uninterrupted welding. Welding dimensions: Product height 2.8 meters, width 1.5 meters. Welding capacity: 11 fully automatic welding robots and 47 welders. Monthly output of 20000 to 25000 cabinets.

Key Process - Polishing Workshop

- Automatic polishing machine: 2 units, equipment can be increased according to product demand.
- Manual polishing stations: 15, with manpower allocated according to the product structure.

Key process - Metal parts electroplating workshop (automated assembly line)

Key process - Spray painting workshop (3 main lines+1 auxiliary line/small batch)

Reciprocating machine (automatic powder spraying)

Automatic Line 1

Automatic Line 2

Automatic Line 3

Characteristics of Spray Line:

- ◆ **Characteristics of Spray Line:** The system monitors the furnace temperature in real-time, and when the oven temperature does not meet the standard. The system monitors the furnace temperature in real-time, and when the oven temperature does not meet the standard.
- ◆ **Automatic spraying:** Reciprocating machine automatic spraying ensures uniform thickness and aesthetic appearance of the coating.
- ◆ **Equipment resources:** 3 main lines+1 auxiliary line, which can simultaneously meet the needs of different colors.
- ◆ **Daily production capacity:** 15,000 to 20,000 square meters per day.

Key Process - Product Assembly Workshop

Large cabinet assembly line

Small cabinet with assembly line

IPX6 Spray Water Testing System

Small chassis wiring assembly line

Outdoor cabinet product assembly line

High voltage product assembly line

Key process - outdoor cabinet waterproof testing assembly line

■ Pipeline standard: IPX1-IPX5 waterproof rating, which can be adjusted and matched according to product requirements.
